The .. Editor SPEAKS!

An Open Letter To:
Mr. Harvey V. Higley,
Veterans Administration,
Washington, D. C.:

Welcome to McKinney, Mr. Higley, home of the great Veterans' Hospital and a hospital that believes in care for our Veterans second to none in the United States.

The statement by you that this great institution will be closed within 60 days and another statement that it will be closed within a year—came as a surprise to the citizens and Veterans organization over the entire State.

You made the statement that the Veterans Administration is "NOW LOOKING FOR WAYS TO SAVE MONEY, AND NOT TO EXPAND ITS SERVICES."

This seems a cold statement to make in view of the fact that the Hospital here is serving the Veterans of all wars in the finest of true American tradition.

Is Veteran care worth anything, Mr. Higley? We think it does. Or has it gotten to the point where our great Government is interested in one thing and one thing only, "MONEY."

We have published thousands of lines in our newspaper here on the Civil Defense Program. What to do when a catastrophe strikes the great Metropolitan areas, such as Dallas, Ft. Worth and other cities. Will our Hospital be safer here in McKinney or will it be safer in Dallas and other cities?

Mr. Higley, have you ever been in a Hospital where there is no sign of love and personal interest for its patients. That is a terrible thing to have, Mr. Higley. We claim that in our McKinney Hospital there exists a personal feeling and love toward every patient from the wonderful staff of Doctors, nurses and employees. This is worth a lot Mr. Higley to a Veteran that is dying of cancer or some other terrible disease or war injuries.

Being in the newspaper business we have had the opportunity to talk to hundreds of patients, and their loved ones that have been here. You have a fine hospital, wonderful personnel and the service is second to none. We have talked likewise to patients that have been in other hospitals and it would do your heart good Mr. Higley to hear what the patients have to say, in comparing the services here with that elsewhere. Patient care in our way of thinking is worth more than a "FEW DOLLARS."

We know that politics always enters into the operation of any Government

C C Directors Meet Tuesday Afternoon

By FRAN[illegible]DILL

The approach[illegible] County Fair, flood contr[illegible] conservation, progress [illegible]ater district, city affair[illegible]arlake Park and the V. A. Hos[illegible]al in McKinney were chief topics of discussion at the monthly board meeting of the Chamber of Commerce here Tuesday afternoon.

President Bill Dungan was in charge of the meeting, with Secretary Pat Simpson recording the minutes. This was Simpson's first regular meeting with the Board since assuming management of the local Chamber on June 1.

Directors and visitors at the meeting other than President Dungan and Manager Simpson, were C. Hansford Ray, Laud Howell, Fred McKinney, Virgil L. Barnett, R. E. Neal, Paul Hardin, treasurer; Frank W. Smith; Joe Snapp, chairman of the Agriculture committee; Earl Shollenberger, president of the Fair Association; E. L. Kissinger, Walter Massie; Tom W. Perkins Jr., chairman of the membership committee; County Agent Virgil Dahlberg, Mayor W. R. (Bill) West, Editor Wofford Thompson of the McKinney Examiner; H. D. Mouzon of Radio Station KMAE and Mrs. Virgil Stogdill, of the Daily Courier-Gazette and Weekly Democrat-Gazette.

Mayor West, in his brief review of city affairs at the present time, stated that new water mains to the housing unit, in Northeast McKinney, had been laid, and will be completed to the Newsome Packing plant right away. The city is also awaiting approval from Washington at the present time concerning taking over the golf course at the VA Hospital. The Mayor also reminded the directors that the City Commission would sit as an Equalization Board Wednesday.

Treasurer Paul Hardin read a financial report, after which he discussed East Fork Association's progress in flood control and soil conservation in the county. Hardin is secretary of the organization. Two contracts have been let on Honey Creek, which will make ten structures on Honey Creek, when completed. A new survey has been completed on Wilson Creek and the association is working on new structures for Muddy Creek at this time.

Hansford Ray, chairman of the water committee for the CC, stated that progress on reservoirs and laying of pipelines from the Lavon reservoir, is progressing according to contract, and the water will be ready for use in the district on or before January 1, 1957. A detailed report will appear elsewhere in this paper.

Earl W. Shollenberger, president of the Fair Association, outlined the program which is planned for the county exposition this Fall. He explained that advertising space is being sold in the Fair catalogue this year to finance the Fair, rather than to ask for donations from the merchants.

Many features are being planned to draw visitors from over North Texas to this year's event which will include two night's entertainment by the Big D. Jamboree of Dallas radio and TV fame; contests between fire departments from over the county; the North Texas Jersey Breeders Association show and sale, carnival, farm exhibits, women's clubs displays, and many others. It is the intention of the Association to make the fair a county-wide affair, and to fill Fair week with entertainment for all who attend.

Improvements continue at Clearlake Park, of which Joe Snapp is concessionaire. Improvements have been underway for the past two months, and are nearing completion at this time. The swimming beach has been sanded, dressing rooms will be completed within a week! parking area at the boat docks is graveled and other gravel roadwork completed; the entire tract has been moved and rest rooms are completed. The main concession building and boat docks have been in use for the past month or more. Snapp reported work on the main entrance sign is underway at this time and he is negotiating plans to have rent stalls for boats built soon.

The Industrial committee report showed progress continues on building of the Newsome Packing plant, Northeast of the city. The foundation is down and concrete flooring has been poured. Other construction will begin soon.

The Board voted to send Manager Simpson to the Chamber of Commerce Managers' training course in July.

Chairman Perkins of the Membership Committee stated that the drive would take place in the Fall. Three new members have been added to the organization within recent weeks including the Town House Cafe, Southwestern Brokerage and Allen Wholesale Meats.

The farm situation over the county, briefly reviewed by County Agent Dahlberg showed that the wheat harvest is almost completed with a much better showing this year than was expected, due to the late Spring freeze. Corn is good with prospects for a splendid yield. There has been considerable grasshopper infestation this year, but farmers are poisoning in an effort to combat the pest.

President Dungan announced that the Texas Power & Light Company had invited McKinney to send representatives to their meeting in New York, sponsoring Texas Industries. Past President J. M. Whisenant, and A. H. Witherspoon chairman of the local Industrial committee, are both attending the meeting. They were in the Northeastern states attending meetings of the Lions International and Kiwanis International, respectively. Frank W. Smith, manager of the Texas Textile Mills, reported representatives from that organization are also at the meeting.

Concluding the meeting Hansford Ray made a report concerning the news release of Tuesday noon that the VA Hospital in McKinney would be closed soon. Ray and Perkins had a long distance telephone conversation with Congressman Sam Rayburn during the afternoon who was also shocked at the news report. The Board voted to send Ray to Washington in the interest of the hospital, if necessary.

This is the final monthly meeting of the directors until September.

Mrs. John Coffee has returned to her home, in Waco, after a week's visit here with her grandmother, Mrs. Ida Anderson, and her aunt, Miss Fletcher Anderson. Mrs. Coffee will be remembered as the former Miss Gloria Anderson of this city.

Construction Of NTWD Reservoirs On Schedule

Hansford Ray, secretary-treasurer of the North Texas Muncipal Water District, and member of the Water committee of the East Texas Chamber of Commerce, reported on progress made of building storage reservoirs in the towns in the district at the Chamber of Commerce Board meeting here Tuesday. All but one site has been acquired, stated Mr. Ray, and according to the engineer, the work is on schedule. The people in the district are assured of having the use of Lavon water by the first of 1957, or possibly earlier.

General information concerning the reservoirs, their costs, and progress in construction was given by Mr. Ray as follows:

Dallas — contract awarded February 15, 1955 to the United Construction Company of Dallas for the construction of a 3,500,000 gallon storage tank at a cost of $122,935. Original estimate $197,000 a saving of $74,065. Estimated completion date September 30, 1955 25 per cent complete to date.

Garland — Contract awarded on February 15, 1955 to the United Construction Company of Dallas, for construction of a 3,500,000 gallon strage tank as a cost of $122,935, a savings of $57,065 from the original estimate; estimated completion date June 30, 1955; 90 percent completed.

Mesquite — Contract awarded February 15, 1955 to the Wyche Construction Company, Dallas, for construction of a 500,000 gallon storage tank at a cost of $40,643 a saving of $6,357 over the original estimate of $47,000. Estimated completion date June 29, 1955; 95 percent completed to date.

Filteration plant and high pressure pump station — contract awarded on Jnne 10, 1955 to C. H. Leavell & Co. of El Paso, for $2,257,000, saving $3,600 on original estimate of $2,253,400. To be completed by October 1, 1956.

PIPELINES

Dallas to Mesquite — Contract awarded February 15, 1955 to the E. E. Farrow Company for construction of a 14-inch pipeline for $122,575 a savings of $58,425 from original estimate. To be completed by June 30, 1955; 90 percent com-

HIGLEY SAYS WAS MISQUOTED ABOUT VA HOSPITAL CLOSING

The Hospital Committee of the Chamber of Commerce, composed of Hansford Ray, chairman; Judge J. W. Neal, Gibson Caldwell and Manager Pat Simpson, held a conference with Harvey V. Higley, administrator of Veterans Administration, Washington, D. C., and Dr. W. H. Buckholts, manager of the Dallas and McKinney VA Hospitals, at 10 o'clock Wednesday morning at the VA Hospital here.

Mr. Higley stated he had been misquoted regarding the closing of the McKinney Hospital in 60 days.

It is the intention of the Veterans Administration to renovate the old Lisbon Hospital and the beds in the McKinney Hospital will be required to take care of the patient load during that period.

Dr. Buckholts stated that it would probably take 18 months to make the necessary repairs to the Old Lisbon Hospital if the money is available and the Veterans Administration does the repair work previously planned.

The Hospital Committee of the local Chamber of Commerce is continuing to work toward the future of the McKinney VA Hospital.

--The Times Herald Says:

VA PLANS TO CLOSE McKINNEY HOSPITAL

By VERNON LOUVIERE
Times Herald Washington Bureau

WASHINGTON. — The McKinney Veterans Hospital will be closed when the new Lisbon Hospital is completed, Veterans Administrator Harvey Higley said Tuesday shortly before emplaning for Dallas.

The VA chief at the same time predicted the outpatients clinic at the Lowich Bldg., 912 S. Ervay in downtown Dallas, will be transferred to the new hospital center.

Higley added that the new 482-bed neuro-psychiatric and general medical hospital in the Lisbon area should be ready to receive patients in about 60 days.

The veterans administrator was scheduled to arrive in Dallas Tuesday afternoon for an inspection of VA Hospital facilities in the area.

While here he will inspect the Veterans Hospital facilities at McKinney and Bonham Wednesday and in Dallas at Lisbon Thursday.

A highlight of the trip will be a banquet at the Lucas Restaurant on Oak Lawn at 6 p.m. Tuesday sponsored by the VA, Dallas Chamber of Commerce, Dallas Homebuilders Association and Dallas Mortgage Bankers Association.

He will leave Dallas Thursday for an inspection tour of VA facilities in Houston.

The VA administrator said closing of the McKinney hospital is mandatory under legislation signed by former President Truman in 1947.

Many persons, he indicated, are perhaps not acquainted with this law and may accept this announcement as something new.

"But that isn't the case," Higley pointed out. "Under the presidential order that approved the new Dallas hospital there is a prerequisite that when Lisbon is completed McKinney will be closed."

Combined, the old and new hospitals will be able to accommodate 781 patients. The existing facility will have 154 beds for general medical patients and 146 beds for tuberculars. In the new hospital there will be 330 general medical beds and 152 neuro-psychiatric beds.

Higley said there are "many, many" reasons why transfer to the downtown outpatient clinic to the new building should be carried out.

"The chances are 9 out of 10 that the clinic will be moved," he asserted. "It is by far the best proposition for the veteran. The most important consideration, of course, is that the veteran be given the best possible care."

The VA head had no comment to make on the future of another veteran hospital in the Dallas area, the one at Bonham.

It can be noted that the Bonham VA Hospital is in the hometown of Speaker of the House Sam Rayburn and observers say flatly it will not be closed if Mr. Rayburn decides it should remain in operation.

Two Cars Are Damaged In Tuesday Wreck

David Dwan Wilson of this city and Claud Lee Phillips, Route 4, McKinney, escaped injuries when their cars collided on South Tennessee Street Tuesday afternoon at 2 o'clock. Wilson's '52 model car received $150 damages. Phillips car damage was estimated at $175.

Mr. and Mrs. Joe VanBeavers are rejoicing over the arrival of a baby daughter, Janice, born recently in the Webb clinic at Farmersville.

F'Ville C. Of C. Secretary Writes Sam Rayburn

The following letter was sent to Hon. Sam Rayburn by M. B. Smith, manager of the Farmersville Chamber of Commerce:

June 21, 1955

Dear Sam:

When we get in trouble and need a friend who can assist us, we have but one recourse — one friend to whom we can appeal for aid — and that is you. You have been our friend in need and indeed on many occasions.

Now, we need your help again.

I note in today's paper that the Veterans' Hospital at McKinney is to be moved to Lisbon in about 60 days.

That would indeed be a blow in the face to many of the citizens of this section who are employed in the McKinney hospital. It would also penalize the many veterans of this section of the state who now have the opportunity of receiving the very best treatment to be had at McKinney. This hospital has the reputation of giving the best and most effective service to veterans than any other veterans' hospital in the South — including the Lisbon hospital.

You have saved this hospital for us several times before when the powers that be threatened to move it. We hope you can save it again.

We want you to know that we will greatly appreciate your efforts to keep the hospital in McKinney.

Your friends
Farmersville Chamber of Commerce
M. B. SMITH, Manager
Congressman Sam Rayburn

--The Dallas News Says:

McKINNEY VA HOSPITAL TO CLOSE WITHIN YEAR

By CLARDY McCULLAR

Within a year McKinney Veterans Administration Hospital will be closed and its 450 patients moved into the new 784-bed Dallas Veterans Rospital, the VA's top man said Tuesday in Dallas.

Harvey V. Higley of Washington said some 300 patients now hospitalized in the Dallas institution will be moved into a recently-completed, 482-bed $10,000,000 building on the same grounds in about 60 days.

But the old hospital building must be refurbished before the McKinney patients are moved here, said Higley.

No remodeling contract has been let yet.

Higley said the VA out-patient clinic at 912 South Ervay probably will be moved to the new hospital, too. In recent weeks several Dallas veteran organizations have publicly opposed moving the clinic. More than a thousand veterans are treated there monthly.

A presidential order signed during World War II forces the closing of McKinney's 500-bed hospital, Higley said. The Dallas addition was started, he added, as its replacement.

Originally built in 1938 as a 200-bed unit, the Dallas hospital, in the Lisbon area, has held as many as 400 patients in the post war rush of veteran medical cases.

It now has 342 beds and 316 patients—there is no longer a waiting list.

It will have 302 beds when remodeled.

Combined, the old and new buildings will hold 738 patients—with little room for more veterans than are now being cared for by the two hospitals.

The new Lisbon building will have more than 100 beds for mental cases, the first such provision for veterans in this part of the state. The old building will be equipped with 116 beds for tuberculous patients, now hospitalized at McKinney.

Higley said the VA is now looking for ways to save money, not to expand its services.

On his first Texas junket since he took office two years ago, Higley spoke Tuesday night at a banquet at 3520 Oak Lawn. The banquet was sponsored by the Dallas Chamber of Commerce, the Dallas Homebuilders Association and Dallas Mortgage Bankers Association.

Scout Picnic At Clearlake Park Thursday

The families of all the Boy Scout leaders in the North Star District, as well as the scouts and their families, are invited to the annual Scouters Picnic at Clear Lake Park Thursday night. The time is 7 p. m. and each family is to bring a covered dish and drinks for the family. Also bring the eating tools necessary for your family.

Clear Lake Park is about 10 miles south of Princeton. Training certificates earned at the recent Explorer Leaders training course, and those earned at the Scoutmasters Training course, will be awarded. Two neighborhood commissioners will receive their training certificates. They are Bob Bryan, serving the three units at the First Christian Church, in McKinney, and Harold Frazier who is commissioner for the units at Chambersville, Anna and Celina.

RAYBURN SAID VA HOSPITAL PERMANENT

The following news item appeared in an "Extra" edition of the Daily Courier-Gazette published in McKinney, on Tuesday, March 4, 1952:

"Speaker Sam Rayburn at 4 p. m. on this date, March 4, in conference with C. Hansford Ray, chairman of the Hospital Committee of the McKinney Chamber of Commerce, and Mayor R. F. Newsome, on a three-way telephone conversation, advised that the McKinney Veterans Administration Hospital had been made a permanent medical and surgical hospital on this date and money will be spent this year, and next year, to make it into a permanent hospital.

"The Hospital Committee, with Hansford Ray as chairman, and the following members—Gibson Caldwell, J. W. Neal, Mayor R. F. Newsome, T. Elton Riggs, Clyde P. Horn, has been working consistently for the last few years with Mr. Rayburn in an effort to get the Hospital designated on a permanent status.

"In a meeting with the Hospital Committee a week ago, the committee instructed Hansford Ray, while he was in Washington on the Soil Conservation program, to discuss the hospital with Mr. Rayburn. At that time, he said he felt he would have something to announce in a few days; therefore the announcement did not come as a complete surprise to the committee."

C. H. Ray Named To Etex CC Water Committee

C. Hansford Ray, McKinney, has been named a member of the Water Conservation Committee of the East Texas Chamber of Commerce.

The announcement was made by Charles F. Hawn, Athens, president of the East Texas Chamber.

As part of the program of progress of the East Texas Chamber, the Wather Conservation Committee will continue work to held alleviate the critical water problem of this area.

The committee will cooperate with all groups organized for the purpose of developing the water for municipal, industrial, agricultural and other beneficial uses.

City Arrests 5 ForDrunkenness: County 1 DWI

Chief Otho Nitcholas reports five arrests for drunkenness were made ove rthe week-end. Two others are being held in the city jail for investigation of forgery.

The night patrol of the Sheriff's department arrested a colored man Sunday, charging him with driving while intoxicated.

Bill Jetton of this city visited his daughter, Mrs. Richard Brown and family at Westminster.

Mrs. Georgia Branch, of Blue Ridge, visited her daughter, Mrs. Dave Gibson in Belton, last week.

Mrs. P. P. Brown, Mrs. Richard Brown and little daughters, Micky and Karen Sue, of Westminster, were guests Tuesday of Mrs. Kate Jetton and other relatives, here.

INS Says:

DALLAS, Tex. (INS). — VA Chief Harvey Higley is scheduled to inspect the Veterans Hospital at McKinney today—a unit which he said will be closed within a year.

Higley said on his arrival in Dallas from Washington yesterday that the 450 patients in the McKinney institution will be moved into the new $10 million Dallas Veterans Hospital at Lisbon.

A presidential order signed in 1947 makes closing the McKinney unit mandatory when the new Lisbon Hospital is completed.

The change over will be gradual, he said, and before the McKinney patients are moved some of the patients now in the old Dallas institution on the same ground with the new hospital must be moved and the old hospital renovated.

Old and new buildings combined will hold 784 patients.

More than 100 beds for mental patients, the first in this part of the state, and 116 for tuberculosus patients, now hospitalized at McKinney, will be provided in the Lisbon Hospital.

Higley also plans to inspect facilities at Bonham, Lisbon and Houston. It is his first trip through Texas since he took office two years ago.

Man Is Hijacked Near City

The first hi-jacking reported in Collin County in quite a while occurred Tuesday morning at 2:45 o'clock when Raymon Jageman, of San Antonio, was robbed. The hijacking occurred five miles North of McKinney on Highway 75, near Breezy Hill.

Jageman, who was enroute to Missouri, was having trouble with the lights on his car, so he pulled to the side of the road and stopped. Being unable to repair the lights, he went to sleep in the car, to wait for daylight to proceed on his journey. He was soon awakened by two young men, possibly 19 or 20 years of age, who took his 17-jeweled wrist watch, about $45 or $50 in money and his car keys, after which they fled in their car.

Sheriff Floyd Williams and his deputies began an investigation upon receiving a report of the incident. Sheriff Williams states this is only the second hi-jacking reported to him since he took office two and a half years ago.

Cars Damaged In Accident Here Saturday

A wreck at the corner of Tennessee and Erwin Streets, Saturday afternoon at 3:10 o'clock resulted in $150 damage for the 1941 model vehicle and the 1949 car being reported a total loss. The drivers, Alvin Warden of Van Alstyne and Tommy Wilson, of McKinney were uninjured.

The accident was reported by Officers Aubrey Mayse and Herman Head.

Miss Jim Geer has returned to the hospital in Stevensville.

Allison Blazer of this city is spending the week in Garland with her sister, Mrs. Ed Bryan, and family.

Wide Spread Construction Gives City Of McKinney A "New Look"

★ ★ ★

By FRANCES STOGDILL

A ride over the streets in the business and residential districts of McKinney will reveal the wide-spread building which is in progress at this time. This construction of business sites, homes, manufacturing plants, schools and churches bespeaks a progressive, wide-awake and alert citizenship.

Like other towns in North Texas, McKinney has always kept astride with the times by keeping its property—both city owned, or individually owned—in modern repair, thus making this one of the prettiest and most prosperous looking communities in the area. From the time the town was first chartered, to the present time, McKinney has shown progress — slowly perhaps at times—but always on the upgrade.

Building booms are in evidence throughout the country, especially in the suburban sections where new homes are going up by the hundreds as well as shopping centers.

These new business ventures represent practically every type of trade or profession. The same procedure of progress and modernization is noted in McKinney and the outlying suburban areas. A number of the downtown store buildings are under major renovation at this time. Others have added the convenience of new equipment and the comfort of air-conditioning.

As McKinney takes on "The New Look," here are some of the improvements which are underway at this time.

On the East side of the public square the Smith Drug Company, one of Collin County's oldest established drug concerns, is making extending improvements, on the interior of the store as well as the front entrance. The ceiling is being lowered, shelving re-arranged, new glass front doors installed and the front show windows changed. The entire redecoration of the store will make it one of the prettiest business houses in town.

The Collin County National Bank, one of the county's oldest institutions of the kind, is also "going modern" very soon, when construction begins on the new drive-in bank which will occupy a site on North Tennessee Street, one block North of the public square. The lots are presently occupied by the Lee Elliot Building Material Co., the C. A. Turrentine repair shop and a used car lot, managed by Jack Stiff. Mrs. Scotty Forsyth was owner of the lot before selling to the bank. The Turrentine shop is being razed at this time. The lot on which the new building will stand, will be 133 1-3 feet facing Tennessee Street and 200 feet on Herndon Street.

The bank will be of the very latest in modern construction and design, having drive-in windows and adequate parking facilities for the use of its customers. The interior of the bank, having some 9,000 square feet, will have every modern facility for the use of its patrons including a community room for public meetings, a conference room for public use, and a combination lounge and coffee bar both for public as well as employees use.

The Collin County National Bank being the oldest and largest bank in the County, was chartered in 1883 — this year marking the 72nd year of continuous banking service to the people of Collin County. This new building will be the fourth location of this bank during its long history and this latest move is being made in order to more adequately serve the customers of this institution.

The present directors include Gibson Caldwell, chairman of the board; Dr. J. C. Erwin, Jr., Giles McKinney, H. L. Shoap, J. W. Neal, W. B. Hope, J. W. Thompson, G. W. Comegys, Geo. W. James, T. E. Craig, F. D. Perkins, Dr. M. S. Minton, A. M. Scott, Jr., and J. M. Whisenan.

This is a forward step in the growth of this city and will endeavor to provide every banking service available to the citizens of this area.

The First Baptist Church, of which Dr. Charles Myers is pastor, is enjoying the comfort of air-conditioning, installation of which was recently completed. The unit was installed at a cost of $33,000 and serves the entire church, including the large auditorium, Sunday School rooms and reception halls.

Gene Hays Motors, Inc., local dealer for Studebaker and Nash automobiles and Willis Jeeps, recently moved to North Tennessee Street. The building was formerly occupied by the service department of the Southwestern Bell Telephone Company, for storage purposes. The large building has been remodeled inside, with show room and office space added as well as a large parts and repair shop. The vacant lot on the South of the Building, for many years used by the Texas Electric Railway before it was abandoned several years ago, is now a used car lot operated by Hays Motors. The high embankment of earth and brick wall, were dug out and lowered to street level for the used cars which the company handles.

The Lone Star Gas Company, of which R. E. Neal is district manager, purchased a building from the heirs of the estate of Mrs. R. L. Horn, which is located at the corner of West Louisiana and Church Streets, across the street South from the First Baptist Church. The building is being completely remodeled to suit the needs of the company. At the present time the office is located in temporary quarters at 301 East Louisiana Street.

Manager Neal states that the growth of McKinney district cities make it essential to obtain larger quarters for the district office operations. The new location will have approximately 8,000 square feet of floor space, which almost triples the present quarters space.

Muchly needed class rooms for the city's over-crowded schools, are under construction at the J. W. Webb (East) Ward School, where four new classrooms are being built. McKinney's Schools, under the capable superintendency of Hailds Pearce, are showing a marked increase in enrollment each year. The present school facilities were not adequate to care for this big enrollment, despite the fact that a new elementary school was opened last year, as well as additions built to other schools in the system. The McKinney School Board, of which Dr. C. J. Hicks Jr. is chairman, let the contract for the new four-room addition, in May, at a cost of some $28,646. The building is due for completion by the opening of the Fall term of school in September.

Construction of a $240,000 super market by Safeway Stores, Inc., is underway, on 160,000 square foot lot located on North Tennessee Street. The lot was formerly known as Church property where one of the finest homes in the county reposed until a few years ago. The late Judge John Church and family resided in the stately residence which was surrounded by beautiful gardens, and where many outstanding social events were held through the years.

Today the premises are a mass of machinery preparing the ground work for the new market which will be the latest thing in modern design. The property was purchased about a year ago from Dr. Scott Wysong.

The store will be surrounded by a spacious, paved, well-lighted parking area serving some 175 cars at a time.

The entire front of the modern super market will be glass, trimmed in Roman brick. Double automatic doors will open into the year-round air-conditioned building, with spacious lobby back of which are ten check-out counters. At the Southwest corner of the store will be a 60-foot sign tower in brilliant colors. A scientific color design has been planned throughout the handsome new store which will be in the latest architectural design.

Every department will be commodiously arranged for the convenience of the customer.

The building will also contain a large equipment room where the air-conditioning and refrigerator units are maintained.

The facilities of the store will be attractive and well-lighted, with up-to-date fixtures which are fully adequate for displaying merchandise and refrigerating perishables. The cooler and freezer storage rooms will protect these perishables until they are ready for sale.

The same design planned for the McKinney store, is being used in three other super markets under construction by Safeway at the present time. They are located at Weatherford, Austin, and Wichita Falls, which will open in July.

The contract calls for 180 working days, and it is expected to have the new McKinney Safeway store ready for business next November.

An announcement was made here in May Beall Brothers owners of an all-Texas chain of department stores, has secured a lease on a building and will open a new store here inthe early Fall. R. G. Beall, president of the company made the announcement.

Located on the South side of the square, the building is now undergoing an extensive remodeling. For many years Perkins Bros. Company operated the location, closing out here this Spring.

The Beall's Company's preliminary modernization plans for their new McKinney store calls for enlargement of the present balcony, installation of all new fixtures, new flooring, a flourescent lighting system, summer-winter air-conditioning, redecoration and construction of a new store front.

The McKinney Beall store will be a part of a substantial expansion program for the 3 Beall Brothers 3 stores this year. Construction is already underway for a new store in Killeen, Texas, and a second Beall store in suburban Beaumont. Both stores are scheduled for early Fall openings.

Having opened Beall store number 28 in Bay City in early January this year, this expansion program will total 31 stores for the chain which maintains General Offices in Jacksonville, Texas.

One of the major remodeling jobs on the public square is in progress on the Southeast corner in the buildings owned by Mr. and Mrs. H. L. Farish of Oklahoma City. The McKinney Dry Goods Company, of which Sam Reichman is owner and Miss Fletcher Anderson, is manager, is more than doubling the floor space by taking in the next door building, formerly occupied by the Rankin Variety store. Rankins renovated the site formerly occupied by the Lone Star Gas Company, on the South side, moving into the new quarters this Spring.

The big new McKinney Dry Goods Company, will have a 50-foot front, all new, with glass doors and show windows. A big arch way will center the store uniting the two buildings into one. The second floor of the building, now under repair, will serve as storage space for the company. The building will be entirely new, when completed, including fixtures and equipment. Year-round air-conditioning is being installed, and the decor of the store will be in beautiful design.

The Annex, a new department store opened up on the Southwest corner of the square last August, has also been air-conditioned recently. Miss Anderson, John Anderson and Mr. Reichman are owners of that place of business.

The Automotive, 215 North Tennessee Street, occupied the present building around the first of the year, moving from South Tennessee Street. The building, owned by Mrs. F. E. Wilcox, was for many years used as a garage or auto service business. The Automotive, wholesalers in auto supplies, remodeled and redecorated the building, designed with new drive-in front and other improvements.

Another step in McKinney's progress was the opening of the new two-mile stretch of Highway 75 about two years ago. Since that time some 50 businesses have opened along the route from Stewart's motel, on the South to the J. & J. Cafe and service station on the North. The survey of the two mile length of highway, conducted by the Chamber of Commerce, released just recently by Manager Pat Simpson, shows the business to include drive-in eat spots, service stations, lumber yards, grocery stores, a factory outlet for children and women's clothing, implement dealers produce stands, and many others.

The new Bullock Motors Company building, under construction at this time, is one of the business firms on the new Highway. A. C. Bullock, owner of the company, began erection of his big brick garage a few weeks ago. It is modern in every respect and will be one of the nicest of the kind in McKinney, when completed. Mr. Bullock is local Oldsmobile dealer here, and also deals in used cars. He will have a used car lot adjoining the big modern building when it is completed.

Less than a year ago Howell's Appliance and Furniture moved to larger quarters, occupying the big two story building on North Tennessee Street next door to these offices. Landers Motors was formerly in the building, which was completely over-hauled, partitions being moved, and many improvements made to meet the demands of the new tenants. The attractive store is now one of the city's most up-to-date business establishments.

Cabell's Minit Market, located on Highway 24 and North Church Street is nearing completion and will serve the needs of its patrons in the near future. This is the 42nd store in the Northeast Texas area being part of Cabell's overall expansion program for 1955.

The McKinney store will feature complete grocery shopping in modern, deluxe facilities and will be open seven days a week from 7 a. m. to 11 p.m. The finest in dairy products, frozen foods, produce, fresh meats, ice, and a wide selection of staple grocery items will be available. Earle Cabell is president of Cabell's, Inc. Since 1954 Cabell's Inc. has operated a plant in McKinney for makin gice cream, butter, cottage cheese d'Zert and ice cream novelties, which are distributed throughout North, East and West Texas.

The Newsome Meat Packing Plant is another new industry which will open in McKinney sometime during the summer. The new plant is on Highway 24, in the Northeastern limits of the city. The materials have been on the grounds for several weeks, and foundation work is already underway. This new plant was secured through the efforts of McKinney Chamber of Commerce, of which W. T. Dungan is president. A. H. Witherspoon is chairman of the Industrial committee which worked untiringly to secure the industry for the city.

Three new residential sections have been opened up to the North and West within the past few years. The Smith-Black addition, North of Highway 24, has been laid off in lots, with paved streets and necessary utility facilities. Many beautiful new homes have been built, and others are under construction. Practically every few days foundation for a new dwelling may be observed here.

In the Greenwod addition, Northwest, adjoining the city, Foxworth-Galbraith Lumber Company is building some 40 hourses ranging from $9,000 and up. These are sold almost as fast as they are completed, according to Clifford Byrd, local manager for the company.

Another new addition West of town, adjoining the new West Ward School district, is also one of the prettiest residential sections. Modern, two and three bedroom brick homes have been completed, with a number of others in the process of construction at the present time.

No doubt, there are scores of other improvements underway throughout the town, or adjoining McKinney. However the present program of building represents a total of $649,151 in building permits which have been issued in McKinney this year from January 1 to June 1. This estimated amount represents 85 permits which have been issued by the city.

Miss Patti Cameron, daughter of Mr. and Mrs. George Cameron, has gone to Boulder, Colo., where she is attending summer school at the University of Colorado. Miss Cameron attended Texas University the past year.

Mrs. Faye Hodges and children, C. P., Don, Betty and Jimmy, recently attended the Addington reunion at Lavon Dam.

Miss Francille Atkins, of Bloomdale, is in summer school at Denton.

Seen About Town

By CAPT. ROY F. HALL

It's amazing how women have taken over in this town. I went around last week and took a look in all stores and most of the offices in old McKinney, pust to see how many were employed in comparison to men. Two to one in favor of the gals. My grandmother would have thrown up her hands in horrow over this condtition: no lady worked sixty years ago in a public place. Such a condition is one of the main reasons why America is great; we work.

3.6 inches of rainfall so far for June, while our average for the whole month is 3.70. Nearly four inches short for the year though.

My esteemed friend, and the functionary at KMAE, Melvin Belew, gleefully called my attention to a slip I made in writing about Massie's jack-pot last week. I said in the article, " . . . when a persons registers after making a purchase in the store, he has a chance to get the jackpot if his name is drawn out of the cage." No chance of it, as Melvin pointed out. if his name is drawn he gets the cash, that's all. The way I had it made Massie look like he ws running a lottery. I admit this error, but if anyone hears Melvin make a slip on the air, please, please let me know of it.

Traded Peck Graves out of another car last week. It has an automatic gear shift, but in order to make it automatic you have to execute five or six maneuvers with a small shift lever under the steering wheel that is about the size of a lead pencil, and looks like it would break off from the pressure of your little finger. Automic, me eye! It has some letters under the steering wheel on a quadrant, something like P D and Q, to which you have to point the arrow on the puny-looking shift lever every time you start. Seems to run all right after getting underway though. It has one foot pedal, which I use consistenly when I try to change gears while running. As this happens to be the break, I have so far escaped being telescoped from the rear, but have received some very insulting looks and vrbal outcries from the occupants of the cars behind me.

A low trough has been hanging over us in the upper atmosphere for the last few days, giving rise to the unsable weaher. This is due to drift slowly eastward within two or three days, and we should have some dry and warm weather for a goo long while. The trough triggered the small tornadoes in West Texas recently.

The city scems to be without a mayor. I asked one of the commissioners who was acting as mayor. He said he did not know. Our mayor apparently forgot to name a mayor pro tem when he went on his vacation. I believe we rate higher than that.

I was asked who built the Smith Drug Company building. Seay & Seay erected it about 1884. At the same time Jesse Shain contracted to build the two bricks north of it to the corner and another to the south. C. D. Bates built the structure where Wolford's Man Store is now in 1885. These buildings have been remodeled to an extent, but are the originals.

On the subject of old buildings, here is the dope on the site where the Collin County National Bank is to be located: Jack Faires built the old Scotty Forsythe blacksmith shop. He built it with lumber sawed by hand in East Fork bottom, and was constructed for a storage place to house Abe Rhine's store during the later part of the Civil War. It was first built where the McKinney Dry Goods is now in 1854, but was moved to the site north of the Courier-Gazette in 1863 when Rhine built his store, the first brick in McKinney. Scotty started in the shop in 1894, and it was razed in 1939. Charley Bristol and Charley Turrentine worked with Scotty. Part of the original shop, which had been moved in a single piece from the southeast corner of the square, by Jim White was later used in the construction of the Commons' market on East Louisiana. The Presbyterian Church stood where the Elliott lumber yard is now.

Mr., Mrs. Paul Adam Leave This Week For Two Years In India

Mr. and Mrs. Paul Adam, 1301 S. Tennessee Street, McKinney, are leaving this week for Bombay, India, where he will be engaged in the construction of a new electric power plant the next two years. The Adams came to McKinney from Mississippi two years ago. He has been engaged in the building of the new power plant of the Texas Power and Light Co. near Prosper.

Betty Hodges, of Walnut Grove, spent the week end with her cousin, Miss Shirley Poor, in this city.

Alla School Places Five On All-Star Team

Champion Alla High School placed five players on the 1955 All-District 35-B Baseball team. Anna listed three players and runner-up Frisco and Prosper had two each on the 12-man squad.

Frisco had five on the second team, Alla had three and Anna and Prosper placed two each.

These five teams, Alla, Frisco, Prosper, Anna and Celina, made up the district after Westminster dropped out of competition due to a shortage of boys eligible for the team.

Alla, coached by Allen Smith, copped the championship and then went on to be the Dist. 35-B champion, Wylie, two straight to take bi-district honors. Alla was undefeated through the season.

The all-district teams were selected by coaches in the district on ballots sent out by Radio Station KMAE, McKinney. Certificates have been sent to coaches for distribution to players named.

The only unanimous selection of coaches for a first-team berth was Frank Svoboda, Alla first baseman.

Here are the teams:

First team — catchers, Arthur Lee Burkett, Anna; pitchers, Rusty Vaughan, Alla, Billy Miller, Anna, and Maurice Sterling, Prosper; first base, Frank Svoboda, Alla; second base, Harold Hamby, Prosper; third base, Lynn Logan, Alla, and Walter Matthews, Frisco (tie); shortstop, John Bell, Anna and outfielders, Joe Willard and Jerry Willard, Alla, and M. Whitsell, Frisco.

Second team — catcher, Jakie Mills, Alla; pitchers, R. T. O'Dell, Alla, and George Mays, Frisco; first base, Mayfield, Frisco; second base, Danny Smothermon, Frisco; third base, Fudge, Prosper; shortstop, David Matthews, Frisco, and outfielders, Reynolds, Frisco; Leon O'Neal and W. P. Lawrence, Anna; Jim Hollandsworth, Alla, and John Templin, Prosper.

Honorable mention — Kenneth Boren, Celina; Bill Parvin, Prosper; Jerry Edwards, Prosper; Joe Duer, Anna; James Reynolds, Prosper, and Cave Winfield, Clark Pinion and Terrell, Celina.

Anna Noses Out Ramblers In Ninth Inning

Charles Smith hurled a 3-hitter Thursday night against the league leading Anna Coyotes but gave up 11 bases on balls and a homer by Ed Jensen in top of the 9th inning to drop the game 5 to 4, in a North Texas Semi-pro baseball game at Ramblers Stadium, Farmersville.

Jerry Morris led off the bottom half of final inning with an inside the park homer. The Ramblers banged out 8 hits off Coleman Curry.

This was the best game of the season at Ramblers park, several hundred fans witnessed the game. The score stood at 2-2 through five innings and 3-3 until the 9th.

The win enabled the Coyotes to sweep a two-game series over the Ramblers.

New Educational And Music Director Of First Baptist Church

CLYOCE POWELL

Mr. and Mrs. Cloyce Powell are moving to McKinney from Sherman and will reside at 510 North Church Street. Mr. Powell comes here as educational director of the First Baptist Church, assuming his new work Sunday, June 19. He will be in charge of music, education and youth work, and plans to inaugurate a graded choir program for children, through adults.

Mr. Powell is a graduate of Southeast Texas Teachers College in Durant, Okla., having an AB degree in music and a permanent teacher's certificate for High School music. He attended Southwestern Baptist Theological Seminary in Fort Worth, and served the First Baptist Church in Antlers, Okla., the First Baptist Church, in Durant, Okla., and the Forrest Avenue Baptist Church in Sherman from which post he comes to McKinney.

His educational background and his experience in this type of religious activity have prepared him for the important work with the local church.

Mr. Powell fills a vacancy here caused by the resignation of Carr Suter several months ago.

Public Invited To Meeting At Wylie, June 23

The East Fork Association is inviting the public to attend a meeting in Wylie on June 23, at 7:30 p.m. at the School gym. Everyone interesting in fishing, boating and picnicking is invited to the meeting to discuss needed facilities at Lake Lavon for such recreation.

Truett Smith, of Wylie, will preside over the meeting.

Funeral Services Held Thursday For Mrs. O. M. Bilderback

Fueral services were held at 3 p. m. Thursday in the Celina Baptist Church for Mrs. O. M. Bilderbeck, 75, who died at her home there Wednesday at 1 p. m. Rev. E. R. Seanor, pastor, conducted the service, with burial in Cottage Hill Cemetery, directed by Helms Funeral Home.

She was born April 16, 1880, in Mississippi, but had lived in Collin County a number of years. She had been in frail health for seven years when she passed away.

Surviving are her husband, O. M. Bilderback, of Celina; a brother, Tom McGuire, of Stillwater, Okla; two sisters, Mrs. E. H. Shelton of Durant, Okla., Mrs. Harris Flannery, of Celina; a daughter, Mrs. Otto Perry, of San Benito, Calif., and seven sons as follows: Odell Bilderback, of Farmersville; Frank Bilderback, of Sweetwater; Eldon Bilderback, of Celina; Roy Bilderback, of Amarillo; Velvie Bilderback of Carrollton, and Glen and Lloyd Bilderback, both of Dallas. Six grandchildren also survive.

North Texas Producer Milk Prices Given

Producers supplying milk for the North Texas fluid milk market (Dallas and Tarrant Counties are to be paid a minimum of $5.16 per hundredweight for base milk sold in May 1955, according to an announcement by Byford W. Bain Market Administrator. Excess milk sold in May 1955, according to an announcement by Byford W. Bain, Market Administrator. Excess milk sold during the same period is to be paid for at not less than $3.10 per hundredweight. For each point (0.1 per cent) that the average butterfat content varies from 4.0 per cent, a butterfat differential of 6 cents applies. Payments for May milk were to be completed by not later than June 15.

This price was computed from reports submitted by milk handlers regulated by the North Texas milk marketing order. The May base price this year is 67 cents above a year ago, but 17 cents below April 1955; and the May 1955 excess price is 31 cents above a year ago, but 6 cents below April 1955.

In May an average of 1,510,030 pounds (equivalent to almost 700,000 quarts) of Class I milk (mainly milk, skim milk, buttermilk, chocolate milk, and cream) was sold each day. This was an increase of 7.4 per cent from a year ago. March is the fifth consecutive month in which milk sales have been 10 per cent or more above the same month a year earlier.

There were 3,041 milk producers (142 less than a year ago) located in Texas, Aklahoma, Missouri, and Arkansas, who supplied an average of 2,138,065 pounds of milk per day for the market. This is the largest supply available to the market in May during the last four years, the period for which records are available. However, because of the increase in milk sales supplies were about the same in May in relation to sales a year ago.

WHEAT MARKETING QUOTAS FOR 1956 TO BE DECIDED BY JUNE 25 REFERENDUM

The final decision on whether or not marketing quota controls will apply to wheat produced in 1956 will be made by wheat growers on June 25.

According to the Texas Agricultral Stabilization and Conservation Committe,, if two-thirds vote "yes," he support for he 1956 crop will probably be between 75 and 82 per cent of parity — the exact level will be announced before the referendum. If more than one-third vote "no" the support will be 50 percent of parity. In any case points out the committee, support will be available in the commercian wheat states only to those farmers who say wihtin their farm's wheat acreage allotment. Texas is a commercial wheat state.

If, points out the committee, the vote is favorable, market quotas will be in effect and growers who exceed their farm acreage allotment will be subject to a marketing quotas and no penalty for excess wheat.

Acreage allotments will be in effect for price suppor purposes even if marketing quotas are disapproved. The national acreage allotment for 1956 is 55 million acres — same as for 1955 — which is the minimum established by law.

The state ASC Committee urges all eligible voters to study the situation carefully and make their decision. County ASC officers or committeemen can furnish detailed information on the referendum and the polling places.

NEW SANITATION STANDARDS ON WHEAT

Farmers who put wheat under the 1955 price support program must be prepared to meet more specific standards of grain sanitation.

Under the revised program of the Food and Drug administration, wheat does not meet the minimum requirements for food if it contains more than two rodent pellets per pint, or comparable amounts of contamination, or contains two percent or more, by weight, of kernels visibly damaged by insects. What not meeting these standards must be disposed of for non-food uses.

The ame program based on minimum sanitation standards was in effect several years ago.

Most of the wheat that leaves Texas farms in clean grain — well above these standards, W. S. Allen, — extension agriculture engineer, points out. The trouble lies with a relatively few exceptions, resulting from careless handling and storage.

Farm stored wheat offered as security for price-support loans will be sampletested at regular intervals and at time of delivery to the CCC. Except for the question of reseal eligibility, the new requiremens do not apply to 1954 loan or purchase wheat. If last year's wheat does not make the standards, it is not eligible for reseal but can be delivered to CCC under provisions of the 1954 loan and purchase-agreement program.

Complete information on the revised saniation program may be obtained from County ASC Offices.

NEWS FROM THE BOARD OF SUPERVISORS — of — THE COLLIN CO. SOIL CONSERVATION DIST.

Waterways were declared the main "bottleneck" in progress being made by the Collin Soil Conservation District according to Board Chairman John D. Wells. Total needs are 6,158 waterways, while about 1300 have been installed.

Conservationists of the Soil Conservation Service units of Farmersville, McKinney, Plano, Rockwall and Van Alstyne met with District Supervisors to discuss plans for getting more of the 4,858 remaining waterways installed. These remaining waterways are holding back construction on 15,000 miles of terraces needed on our lands.

"An all out drive will be carried on through the press, radio, letters, and personal contacts to inform our people in the district of the need for establishing good waterways that will help protect our fields from erosion," stated John Wells of Plano, Chairman of the District Board of Supervisors.

YOU NEVER OUTGROW THE NEED FOR MILK

Whatever your age, milk is one of the best foods you can get, according to Extension food and nutritin specialists.

It is outstandingly important for three nutrients—calcium, vitamin B2 (riboflavin) and protein. Without a sufficient amount of milk or dairy foods, it is hard to get enough calcium or vitamin B2 in the daily diet.

Throughout life, the body needs protien to build and repair tissues and musicles, glandular organs, skin, hair and nails. Calcium is needed for proper development, growth and maintenance of bones and teeth. Riboflavin or vitamin B2 helps in promoting good eye sight and a feeling of general well being.

Adults need about 3 cups of milk or its equivalent, each day. Teenagers need about 6 cups. Children from 7 to 9 should have about a quart of milk daily.

The easiest way to get your milk each day is to drink it — plain, in a cold, frosty glass or "dressed up" with fresh fruit, syrup or ice-cream.

To keep milk fresh and tasty, specialists remid us to keep it cool and keep it covered in storage.

CRUMB MACAROONS

1 cup fine dry bread crumbs.
1 cup sugar
¼ teaspoon salt
1 cup chopped nuts
1 teaspoon vanilla extract
2 eggs, beaten

Combine crumbs, sugar, salt and nuts. Add vanilla extract to beaten eggs. Add to crumb mixture and mix well. Drop by teaspoonfuls on a well-greased baking sheet. Bake in a moderate oven 350 degrees for 15 minutes, or until lightly browned. Makes about 40 2-inch cookies.

SPICY PECAN COOKIES

2 cups sifted enriched flour
½ teaspoon soda
½ teaspoon cream of tartar
¼ teaspoon salt
¼ teaspoon cinnamon
½ teaspoon nutmeg
½ cup butter or margarine
1 cup brown sugar
1 egg
½ teaspoon vanilla
½ cup chopped pecans

Sift together flour, soda, cream of tartar, salt and cinnamon and nutmek. Cream together butter or margarine and sugar until light and fluffy. Add egg and vanilla extract. Beat well. Add flour mixture to creame mixture. Add nuts and mix well. Shape into rolls and wrap in waxed paper or press into cookie molds. Chill until form, about 3 hours. Slice about ¼ inch thick. Bake on ungreased baking sheet in moderately hot oven 400 F. 8 to 10 minutes. Makes about 8 doz 2-inch cookies.

TRAIN CHILDREN TO HELP

Expecting the youngsers to thelp wih work around the house this summer? If so, it will pay to give attention and patience to training them in jobs they are to do.

Children are often confused because adults are not consistent in teaching them to do things; not clear in the direction given. Children need to know why certain things shold be done or why — certain ways of doing things are beter than others.

Patience pays — you might try this pattern to train children and others in doing a job. First, explain to the child exactly what he is to do and how it is to be done — step by step. Work with him several times, helping as needed. Watch him do it alone, make suggestions as he works.

Leave him while he does it.

Finally, it's important to praise him for good work or effort, so that he leaves a job with a feeling of satisfaction.

James T. Rollins, of Ozona, is attending summer school at NTSC in Denton, this year, working on his Master's Degree. Mr. and Mrs. Rollins have both been re-elected to teach at Ozona next year. He is the son of Mr. and Mrs. J. T. Rollins, of McKinney.

Mr. and Mrs. J. A. Frisby, of Cottage Hill, Mr. and Mrs. Roger McAdams, of Bryan, and Miss Charleen Organ, of Dallas, were Sunday guests of Mr. and Mrs. Gardell Chandler, and family, at Lucas.

BRIDE OF McKINNEY MAN

MRS. CLIFTON ENDERS DOWELL JR.

Miss Maurine Ellen Smith of Dallas became the bride of Clifton Enders Dowell Jr., of McKinney, Saturday evening, June 18, at 8 o'clock in the Cox Chapel of Highland Park Methodist Church, Dallas.

The parents of the couple are Mr. and Mrs. Clifton E. Dowell Sr. of McKinney.

The Rev. William H. Dickinson Jr., pastor of Highland Park Methodist Church, and the Rev. T. W. Sisterson, pastor of the First Christian Church of McKinney, performed the double ring ceremony.

The pre-nuptial solos were given by Miss Marie McElreath, with David McCormick at the organ.

Mr. Smith gave his daughter in marriage. She was lovely in a floor length gown of white Chantilly lace over tulle and taffeta, fashioned with a fitted bodice. Tiny scallops of the lace edged the portrait neckline, brief sleeves and long lace mitts. A bouffant overskirt of lace, bordered with wide scallops tapered up to the pointed center of bodice front revealing a full tulle skirt. A tiera of seed pearls held her fingertip length veil of imported French illusion, and her flowers were stephanotis and a white orchid atop a white Bible.

The bride's sister, Mrs. Tom L. Bransom of Lubbock, attended as matron of honor and Tom Eldridge of Wylie, was best man. The ushers and other attendants were Charles Dowell and Edward Dowell, of McKinney, brothers of the groom, and Dale Smith and Darrell Smith, of Dallas, brothers of the bride.

The reception for the wedding guests was held at the home of the bride's parents for which the following were members of the house party:

Mrs. Anne West, Miss LaVonne Smith, Miss Betty Sue West, Mrs. Frank Rapp, Jr., Miss Maria McElreath, all of Dallas; Mrs. Keith McWilliams, of St. Louis, cousin of the bride; Miss Caroline Dowell of Austin, cousin of the groom; and Miss Virginia Holum of Lubbock.

Mr. and Mrs. Dowell left for a wedding trip to New Orleans, after which they will reside in St. Louis, Mo. where Mr. Dowell will attend Washington University School of Medicine next Fall. He received his B. A. Degree this year from Texas Christian University at Fort Worth being recipient of "Good People's Award," member of the Vigilante Club, Alpha Chi fraternity, and justice of T. C. U. Student court. He was also a member of the Natural Science Club.

Mrs. Dowell attended TCU being a member of Leti, girls' social club, chairman of Dormitory Council and representative of Student Congress.

SATURDAY NIGHT BRIDE

MRS. JAMES EARL BOREN

Miss Tenie Ann Smith, daughter of Mr. and Mrs. Clarence L. Smith, of Prosper, became the bride of James Earl Boren, son of Mr. and Mrs. Grady L. Boren, Route 4, McKinney, on Saturday evening, June 18 at 8 o'clock at the Good Hope Baptist Church. Rev. D. A. Grigg, pastor of the Foote Baptist Church, officiated the double ring ceremony.

The bride, given in marriage by her father, wore a formal wedding gown of white satin, made with chapel train. The bodice of the dress was fashioned with a Peter Pan collar, trimmed in seed pearls, and the skirt was complemented with chantilly lace. The finger tip veil, edged in lace, was caught to a small band of seed pearls. She carried a white Bible topped with an orchid.

Miss Aline Smith attended her sister as maid of honor. Her dress of blue taffeta was full length and she carried pink carnations. Bridesmaids were Mrs. Pat Boren, of Garland, and Miss Betty Crowder of McKinney, dressed in pink taffeta. Their flowers were blue carnations. Cathy Wilson, in a pink taffeta frock, was flower girl and Mike Smith, of Lewisville, was ring bearer.

Winifred Boren of Garland was best man and groomsmen and ushers were Jack Sims of Garland, Johnny Rutledge, Grady Boren Jr., of McKinney and Johnny Johnson of Dallas. W. A. Curtis and Charles Curtis of Frisco lighted the candles.

The couple pledged their troths before a white archway with a background of greenery and baskets of white gladiolus. Floor standards held white tapers.

Mrs. Milo Sullivan presided at the piano and accompanied Jimmy Ray Naugh, vocalist.

The parlors of the church were the scene of the reception where the bride's colors of pink and blue were used in the flower arrangements. The tiered cake was served by Mrs. Cliff Jones.

When the couple left for a short wedding trip, Mrs. Boren was wearing a frock in ice blue with white accessories. They will return to Garland to reside at 2848 Beasley Drive.

Mrs. Boren is a graduate of the Prosper High School while Mr. Boren graduated from Boyd High School, in McKinney.

Lindley Vowell, pastor at Frisco, with interment in Hope Cemetery at Henrietta, conducted by the Staley Funeral Home, of Frisco.

The child is survived by his parents, Mr. and Mrs. Jack M. Scott, two sisters, Sara and Nancy Scott, two brothers, Jack Jr. and Charles Scott, all of Frisco; the grandparents, Mr. and rMs. C. E. Clough, and Mr. and Mrs. T. C. Scott, of Wichita Falls.

The parents have requested contributions be made to the American Cancer Society in lieu of flowers.

Area Sportsmen To Meet At Wylie, June 23

Sportsmen from towns in the Lake Lavon area will meet in Wylie next Thursday night, June 23 to form an active organization for promoting all sports on the newly completed lake.

The meeting will be held in the High School Gym at 7:30 according to the announcement.

All persons interested in fishing, hunting, boating and other water sports are invited to attend and take part in the meeing. It is hoped that officers may be elected and a constitution and by laws adopted.

The meeting is being called by officials of the East Fork Association, who report much interest has been indicated the past few months in forming such a group.

Lake Lavon is attracting thousands of sportsminded people every week, and some type of organization is becoming increasingly more important if the lake is to have a well balanced type of recreation, interested persons point out.

What we had better do Mr. Higley is expand the present Veterans Hospital in McKinney, and we don't think the American Taxpayer will object when we give a little more to those that deserve to have the best, the finest of medical care, second to none, and it has and will be continued in the Veterans Hospital in McKinney.

We are glad you came our way Mr. Higley and hope that your stay in McKinney and elsewhere will be a happy one and a most profitable one.
